

Cotinus coggygria 'Golden Spirit'

GOLDEN SPIRIT SMOKE BUSH

This is a Smoke Bush variety that produces bright yellowish-lime foliage from late spring. In autumn it is just as beautiful when foliage turns fustic reds and oranges. Fluffy flowers appear on the tree in summer.

A lovely shrub to small tree for accent in the landscape. Makes a delightful feature or grove of colour planted in multiples.

Prefers a sunny or part-shade position in a humus-rich, free-draining soil
