

Eucalyptus leucoxylon rosea

RED-FLOWERING YELLOW GUM TREE

This tree has a smooth trunk with cream to grey coloured bark which sheds in flakes. It has narrow shaped green leaves and as it matures, forms a large open canopy. From Autumn to Spring, an abundance of red flowers appear in clusters of three attracting a variety of birdlife.

A wonderful tree to attract birds to the garden. Can be used in parks, gardens and street plantings. Yellow Gum is also used in the production of honey.

Is tolerant of most soil types and conditions.
