

Syzygium australe 'Plum Magic'

PLUM MAGIC LILLY PILLY TREE

This variety of Lilly Pilly can be used for both small and tall borders. It has been selected for its new growth which is plum-coloured, hence its name, which turns deep green when mature. 'Plum Magic' also has a higher resistance to psyllid than other Syzygium.

Use this selection for short or tall hedging. Can also be used for topiary. It is also very versatile and can be clipped to suit your individual needs - from 50cm hedges to fence height.

Prefers a full sun to part shade position in the garden.
